

Starlifter

U ★ S ★ A ★ F

Something special happens on deployments. An unexplainable level of camaraderie and teamwork develops when military units band together to accomplish the mission as a team. This bond, shared through sweat stained “boonie” hats and sand filled boots is one that most remember throughout their career and for many years after. An unbreakable level of trust for one another is developed as America’s sons and daughters push their minds and physical abilities each day...striving to give their all.

The summer of 2014 brought many adventures for Starlifter as we prepared for deployment. Throughout our 64 missions, and 10,000+ traveled miles in 9 countries, we met some amazing people...and had rich opportunities to play for our fellow service members, coalition partners, contractors, U.S. Embassy personnel and many wonderful citizens in our host nations. Though we faced adversities throughout our trip, as most do on deployments, we continued to Carry On.

This album, Carry On, is a collection of some of the favorites we played throughout our deployment.

To our active duty, guard, reserve, civilians and allied brothers and sisters, we thank you for allowing us the opportunity to serve alongside you...to serve with you.

Thanks for lifting our hearts as we did our very best to lift yours.

It was an honor. We salute you.

Starlifter, 2014

C a r r y O n

Executive Producer/Commander – Captain Jason Plosch
Flight Commander – First Lieutenant Wilson Wise
Band Manager – CMSgt John Gohl
Superintendent – SMSgt Clarence Carpenter
Superintendent – SMSgt Stephen Larson
