

Fact Sheet

Hot Brass

Hot Brass is an energetic and multi-talented group of musicians performing billboard and popular music hits, new and old. A subset of the United States Air Force Band of Mid-America, Hot Brass engages audiences through the Midwest in contemporary music tailored to meet the desires of the wide-range of listeners they serve.

Hot Brass thrives on diversity and creates a musical gumbo of genres to exploit each musician's musical background. This ten-piece group utilizes vocals, drums, bass and guitar to entice audiences to move their feet while also paying tribute to our brass roots: powerful delivery of popular music with a heavy emphasis on horns and brass. However, when the performing environment demands different styles or mobility, Hot Brass easily breaks down into a small pop combo and a brass quintet. The ensemble's unique blend of music also includes patriotic selections for special occasions

Hot Brass serves as musical ambassadors for the Air Force in free civic outreach concerts to people of all ages throughout the band's ten-state area of responsibility.

Because of the versatility and portability of this high-powered ensemble, their performances are always in high demand. Whether supporting community relations concerts, fairs, public school concerts and clinics, recruiting, or special military engagements, Hot Brass represents the pride and professionalism found every day throughout the United States Air Force in fun and energizing musical performance.
